

## TRANSITIONS & LINKING WORDS

**Transitions and linking words perform an important function in writing. They link your sentences and paragraphs together smoothly so that there are no abrupt jumps or breaks between ideas. They act like signposts to indicate to the reader the order and flow of your writing and ideas. They strengthen the internal cohesion of your writing. Using transitions makes it easier for the reader to follow your ideas. They help carry over a thought from one sentence to another, from one paragraph to another, or from one idea to another.**
